

Dear Friends & Family,

It takes a lot of twigs to build a nest! Twigs of all sizes are woven together to create a place that's safe, nurturing, and helps prepare young ones to soar. At Olander, our elementary school in Fort Collins, Colo., we're working to do just that.

In the spirit of our new school name, Olander School for Project Based Learning, our goal is to bring new technology into the classrooms: SMART Boards, laptop notebooks, ELMO Visual Presenters and more. (See more info on these items on our website!) These are the tools of learning in the future. But these items are expensive and funding is low, so our PTO has launched a pledge drive to **Build Our Nest!**

***It's easy to help!*** If you'd like to contribute, simply go to <http://www.pblschool.com> and click on the "Help Build Our Nest" at the top of the page. This will take you to our fundraising page. Click on the "Donate" button and you'll be directed to our PayPal account to use your credit card. Or if you'd rather mail a check (made out to Olander PTO), send it to:

**Olander PTO  
3401 Auntie Stone St.  
Fort Collins, CO 80526**

**Our goal is to raise \$15,000 this school year!** We appreciate your help towards the success of Olander's children. Nests are built from twigs of all sizes. No matter how large or small, your donation, along with the donations of others, will add up and Olander's nest will grow!

Thank You!  
The Olander Ospreys
